

What Others Are Saying

'When I first joined KOS, I was a little intimidated. But after my first meeting, I felt that I belonged and that these people were so much like me and cared about the same things I thought important.'

~ Nancy L., Prairie Village

'KOS is pure birds so Life membership is the way to go. No bill in the mail and the payment has long ago paid for itself.'

~ Larry H., Joplin, MO

'Join KOS to attend some meetings and bird with the members. It will stimulate you to achieve new heights in bird identification, which may lead to bird study – an even more rewarding pursuit.'

~Tom S., Garden City

Kansas Ornithological Society (KOS) – Connecting birders with the birds

Learn From Us

KOS is the only statewide organization in Kansas dedicated to the study, conservation, and enjoyment of birds. Our group is knowledgeable about the status, distribution, ecology, and identification of the state's 469 birds, and *we would love to share what we've learned with you!*

We can help you:

- Find birds
- See them better
- Identify them
- Understand their behavior
- Connect with other birders

Connect With Others

KOS members are:

- Beginning birders
- Nature lovers
- Science teachers
- Amateur ornithologists
- University students and professors
- Photographers

Our unique mix of knowledge and enthusiasm makes studying birds fun and rewarding for all skill levels.

Benefits

Join today so you can:

- Go birding with others who share your passion.
- Attend Spring and Fall meetings and field trips across the state.
- Hear papers presented by field ornithologists, college professors, and graduate students.
- Receive our award-winning newsletter, *The Horned Lark* with information about what KOS and its members are doing, including upcoming meetings and field trips.
- Receive *The Bulletin* with peer-reviewed articles appropriate to backyard feeder watchers, amateur field ornithologists, and county-listing birders.
