Yellow-throated Warbler	U Trans, Su res	E 1/4													
Prairie Warbler	R trans, R Su res	Extreme E							*****	*****	*****				
Black-throated Gray Warbler	R trans	Extreme W					**	**			**	****	**		
Townsend's Warbler	U Trans	W 1/4													
Hermit Warbler	Accidental	1 record						*							
Black-throated Green Warbler	U trans	E 2/3													
Canada Warbler	U trans	E 1/2													
Wilson's Warbler	C Trans	Statewide													
Painted Redstart	Accidental	7 records					*	*	*	*			*	*	

Status: C = common, U = uncommon, R = rare, Su = summer, trans = transient (migrant), res = resident (Su res = likely or probable breeder), Wi res = winter resident

Expected Location: N = north, S = south, E = east, W = west, C = central, and standard combinations thereof

Seasonal Distribution: The darker the shading the greater the abundance. * = accidental, vagrant or rare species and when they've been recorded - not expected every year in this season

For more complete status, please refer to Birds of Kansas, Thompson, et al., 2011
